

# We Putt Around We Putt Around

## WPA Golf Rules for the Scramble

1. Women tee off from the Forward Tees
2. Men tee off from the White Tees  
(Or what Tees would usually be the White Tees)
3. Everyone hits a drive from the tee.
4. Your group needs to have at least one drive per golfer per nine holes.
5. The group chooses what you think would be the best shot to hit next. Use one club length to place your ball for the next shots. If it takes you out of the rough then you are lucky. Sorry can't come out of a trap or out of bounds.
6. Everyone hits from the chosen spot including putts until you hole out. No gimmie putts on the Scramble. Someone in your group should be able to make a 20 inch putt. I did say should.
7. If you are a 3-some your group still gets four shots just like the 4-some you just alternate between the three of you each hole. So on hole one the first golfer gets to hit an extra shot through the hole. On the second hole the next golfer does the same and the 3<sup>rd</sup> golfer does the same on the 3<sup>rd</sup> hole. Now on the fourth hole you start over.
8. If you are a 5-some everyone needs one drive and everyone gets to hit from the chosen spot.
9. Record your score and total, and then turn your score card into Mike Carlson.

Have fun, play good, and enjoy yourself.  
This is what WPA is all about.
