Dear Jack:

As we left Pasco it was uncertain whether or not we could make the next tournament. I am happy to announce now that we will be there in part. Part meaning that I will be there but not Georgia. I plan to stay at Whidby Island NAS Saturday night so I will be looking for hacking companions for a round Sunday morning. Count me in if there are any willing aspirants.

For the agenda. Sam Snead said, "Play for something, though it may be only a black cigar." A large portion of our group may be playing just for the exercise and fun so I am suggesting competition whereby more could participate competitively. Low gross eliminates too large a portion of any group. I am suggesting a game to be included for those who have an established handicap. Each guy puts a buck in the pot. Three or four prizes are awarded for low next depending on the size of the group. A side advantage is that it might encourage one to get his handicap. Jack Swanson is a good example. Costs only \$7.00 a year, but it opens up more opportunities to participate competitively. It would be interesting to see just how many do have an established handicap, or would like to obtain one.

I am paying my fine herewith. Wish I could give you more money. We'll see come July 16. Best wishes to you both.

Keep your head down,

Gunnelt

P. S.

*Please pass the word on my late entry.
I'll stay with the group Sunday night.*
