

W.P.A. Project Number 30  
 Ellensburg Country Club  
 September 12-14, 1999

.W.P.A. Project number 30 was most successfully hosted by Dick and Wanda Robinson In Ellensburg. The group enjoyed a wonderful cocktail party in the Robinson's beautiful home. The group welcomed Jack and Vi Frisk back after they missed the last get together in Monroe. The real reason for the welcome, it turned out, was they were still smarting from the extraction of cash administered by Don Johnson in Monroe. The cries were so loud that all fines for Monroe were cancelled. Another disturbing revelation was the possible reason for the Warnecke's absence. While Bob and Bonnie said the were going to be in Wyoming,, they were reportedly at their summer place at Lake Mc Murray for the optional dress event held there. It seems one can wear or not wear clothes. A picture was circulated of a bicycle rider bare from the waist down. Several of the women thought it might be Bob. A last minute cancellation by Don and Eileen Johnson, reportedly for a sewer problem, was speculated to be a part of the Lake McMurray affair.

But I digress.

We had a great dinner Sunday night at Pub Minglewood, a wonderful lunch at Wanda's house on Monday and a fun filled scramble on Tuesday. It was a great time. And Sunday, Monday and Tuesday, Ellensburg had bright sunshine and no WIND. The non-golfers were most impressed with their tour of the college campus and the obvious pride Wanda has in it.

The weather could not be blamed for the less than stellar performance of the golfers. One notable accomplishment was Joan Chaplik and Celia Thompson, playing in the same group, both birdieing number 9. Don't believe we have ever had two people in a foursome birdie the same hole before..

**Thank you Dick and Wanda for a super time.**

Low gross was an 81 by Don West. Gene Maxim had a 76 low net. Celia Thompson topped the women with a 9 hole score of 43. The men finished at 2 under as a group - a far cry from the excellent play in Monroe.
