

W.P.A PROJECT NUMBER 33

June 10-12, 2001 Skagit Country Club, Burlington WA

WPA has a history of threatening weather but had survived 32 events without rain, sometimes like rain stopping just before tee off at Eaglemont and rain coming just as the last clubs were going in the car at Dungeness, and big thunderstorms the night before at Priest Lake and Clarkston. Then there was number 33. Paul and Joan Chaplik arranged a great event. A nice time at their house and good dinner to round out a nice Sunday.

WELL, lets look at the results. Even the Mariners can't win them all. Our string of events without rain ended. It wasn't quite a deluge but it was a heck of a lot more than mist. Some say this was our contribution to easing the drought conditions. Others think Joan got her rain dance and no rain dance mixed up. No one drowned. Our thanks to Paul and Joan for a good time in spite of the weather.

Low Women, Joan Chaplik

Low Gross, Men, Paul Chaplik, Dick Robinson

Low Net, Paul Chaplik

As a group the men shot a respectable par considering the weather conditions.

FINES: Since it rained, we decided to give those who played a 25 cent credit per hole played for future fines. Thus many will have a credit rather than a debt for this time.
