

**W.P.A. Project Number 44**  
Snohomish Golf Course  
September 10,11,12, 2006

We keep thinking it can't get any better but each new event seems to outdo them all. The West's did it up super hospitality wise, weather wise, golf wise. If anyone went hungry, it was their own fault. Thanks Don and Sally for a great time!

Snohomish was a great course to play. We got a little extra roll from the dry fairways, yet the area around the greens was lush and green. We seemed to tire a little (must have been the warm weather rather than our conditioning) for as a group we played the front nine sub-par but faltered on the back nine. End result, a one under round, not quite up to WPA standards, nevertheless continuing our string of sub-par rounds.

Don West gave golf lessons on his way to an 83 to put his name on the trophy again. But a new name, Gary Smith, will appear with a great 72 low net score. Ho hum, Colleen Carlson won low gross again while Linda Parker and Judy Ohlsen shared low net. There were several in the running and look like challengers for the future.

Scramble on Tuesday at Blue Boy West resulted in 5 of the six groups within a stroke of each other. Close huh? Winners with one under scores were Bill Parker, Judy Ohlsen, Ted Robins, Jack Green, Eileen Johnson, Betty Wright, Jack Frisk and Don West.

The two notable events were Mike Carlson getting an eagle at Snohomish and, being the shy one, didn't even mention it. Such modesty. The other event couldn't be kept quiet. Roger Ohlsen hit the shot heard all over the course, hitting the metal roof of the Blue Boy Storage Shed on the way to putting his ball on the green on #9. Remembering when he hit an outhouse with Howard Odell in it, he said he was sure Howard was up there smiling.

1. Welcome new members Ted and Ena Robbins and Ken and Swanda Wimett..
2. Steve and Lee Ward have dropped out for now as they have both gone back to work.

Five down and 27 to go for a new record of

### THE RESULTS
