

WPA Project Number 45
Kitsap Golf & Country Club
June 3, 4, 5 2007

The Johnsons were ready for us. Everything was organized right down to the nth degree. Sunday was beautiful, Monday threatened rain (more later) and Tuesday was a little like Monday. Thanks to Gil and Linda for a wonderful job.

Last time Don West showed us how to play his home course. This time Gill Johnson showed us all how to play his course with a gross 79 and a net 75 to take the trophy all for himself. New names on the lady's trophy will be Mary Haskins, low gross, and Nancy Krook, low net. We asked for someone to step up and unseat the perennial winners. Gil, Mary and Nancy responded in great fashion. Good on ya!

As a group we shot a very respectable 3 under. Everyone commented on how nice the course was. Rolling Hills on Tuesday was also a nice course. We didn't play it very well with only one group under par in the scramble. That was Mike Carlson, Ted Robbins, Judy Ohlsen and Sally West. The issue as to whether you had to use each ones drive on the scramble was decided one way the evening before by Gil and reversed the next morning by Linda.

In an unprecedented, and unlikely-to-be-repeated, manner we voted on whether it had rained. By a 22 to 20 vote, we decided it had not rained. Interesting, since there were 36 voters; apparently some didn't know and voted both ways. Our vote was somewhat vindicated when Bremerton reported no precipitation for the day at the official weather station. We shall report that our quest for beating the old record of 27 events is still intact.

Thinking we might set a new record on the number of trees hit, we asked that a record be kept of the number of trees hit. The women dutifully reported but no one came close to the record of 9. The men failed to report so each man will be assessed a fine for failure to report.

A shaky six down toward the record of 27 consecutive Projects without rain.
