

We Putt Around
We Putt Around

WPA PROJECT 50
Gearhart Or
September 15, 16, 17, 2009
Hosted by Gary and Sue Smith

Project 50 kicked off at beautiful Seaside, Oregon. Gary and Sue hosted our get together at the Sand and Sea Condos. It was a beautiful setting with a spectacular view of the ocean. Sue treated us all to a new fancy handmade visor. We also got some ornaments to hang on our Christmas tree to remind us that WPA 51 is only six months away! As the sun shone brightly on our meeting, little did we know that we would need garbage bags over our heads the following morning.

Gary soon showed his true sportsmanship by removing himself from the golf competition. He knew, in his heart, that his home course advantage would surely score him a victory. By smashing his toe in one easy motion, he removed that advantage. Thank you Gary and we hope your toe is better. We also had four new prospective members. John and Sue Carl were invited by Gary and Sue. Also new were Jim and Lynn Bloss. Even with car problems, they still made the big show. Mike and Colleen Carlson invited them to join our group. I think both couples will complement our group as soon as they fork over their dues!

As Jack Frisk announced at Project 48, he stepped down as the "Benevolent Dictator". The Junta that was appointed by Jack selected another Jack to the guide the group. So, this is where I come in. The royal monogrammed underwear is still being withheld. Oh well, things must go on! Mr. Frisk will always be the "Benevolent Dictator" of the group. I am happy to serve at the "Junior Dictator" as long as needed or overthrown from the throne!

Jack was presented with a beautiful memory book by the group. I hope all had a chance to view the work done by Don and Mike and all that contributed. If you go to the web site you can see a copy of the card.

And now for golf! A wet and cold start to that day ended with a break in the weather which all were happy to see! Colleen Carlson again led the Ladies group with a score of 102. Low net was awarded to Judy Ohlsen.

The Men's race was led by three - Mike Carlson, Paul Chaplik and Don West shooting scores of 88. Low net went to Roger Ohlsen. I think the victory by Roger and Judy will be a "highlight" during a long Cougar Fall Campaign.

The next day we ventured to Seaside Golf and Country Club for our scramble. All went well and the weather cooperated. The winning team included one of our new guests, John Carl, with the formidable team of Joanne Knutson, Jeanne Fankhauser, and Frank "The Krusher" Krook. They swept the field.

After an extensive review of the WPA Rules of Golf, it was determined by a select committee that we would have to disqualify one of our teams. The team of Mary Poppe, Lynn Bloss, Mike Gallaway, and Paul Chaplik were found to be in violation of Rule 17 Article B of the

WPA "rules". There shall be no use of any instrument to aid in determining distance remaining on any hole. Sorry Team Leader Chaplik!

Watch your mail for more information on WPA 51 at Crooked River Ranch.

Have a great holiday season and thank you Jack Frisk for all you have done!

Here is a little help if needed.

If the print is too small you can enlarge it by clicking on the "Ctrl" Key in the lower left corner and while holding the "Ctrl" key roll the wheel on your mouse away from you and the print will enlarge. If you want the print smaller then roll the wheel towards you.

This should work in most if not all web pages and most documents.

The Results for Project 50
