

We Putt Around We Putt Around

WPA PROJECT # 53 POST FALLS, IDAHO HOSTS PAUL AND JOAN CHAPLIK

Let a little rain try to steal the show? Not with Paul and Joan Chaplik putting the show on!

Think of a little wedding in the San Juan Islands or a college graduation in Seattle will stop a devoted WPA couple from making it to Idaho? Tell that to Donna and Richard Lowell who were delivered by private airplane to attend. Share time with a special couple who made the trip to Post Falls from Montana. Ask anyone who spent time visiting with Lois and Mel Melville. How about sharing time with three of the original WPA members: Jack Frisk and Bob and Bonnie Warnecke? How about having a resident expert in Jack Frisk who had spent some early years in this area?

Post Falls supplied a beautiful setting on the Coeur d' Alene River and Templin's Red Lion was a warm and friendly place to set up camp. Paul and Joan were on top of the event and proved again, to not let a little rain dampen our project. I think the Chaplik's have proven their point with the weather and deserve a few years of rest.

Mike and Colleen Carlson invited guests Wes and Sonya Thorp to join us. Cay Bell brought Steve and Jeanne Gaddis. Burt and Mary Haskins invited Dave and Wilma Leishman to the group. Leishman's jumped on the \$19 special to join up but will not make the fall meeting. Vernon and Polly Fox made their second visit and firmed up the deal by also jumping on the special. They too will miss our fall meeting in Seaside. We hope to see all at a future gathering.

Sunday's social hour provided a chance to show off the upgraded trophies that Cay Bell had done for us. Thank you Cay! The "Cougar Connection" of Frank Krook and Roger Ohlsen also showed off their cost saving remake of the old trophy. You can't go wrong with duct tape and a felt tip marker. Frank also showed off a pair of classy shoes that we hope will be made available to more of our members. Any chance Frank?

Monday morning found us visiting the very nice Highlands Golf Course in Post Falls. The Chapliks had everything lined up and ready to go. However, the "Golf Gods" decided that a little drenching was a good way to send us off. If you didn't come prepared for the rain, we found that Cay had the answer. It was time to visit the lost and found at the course and find a little protection for the day. Way to go Cay!

The day brought out a few birdies, a group of pars, and a whole lot of others. Starting with a challenging par 5, the course provided plenty of tests for the group. They even threw in a watery par 3 complete with a family of ducks. It was reported that Burt was attacked by the mother duck. She thought he was going for the batch of eggs, but we know Burt was just fishing for a few misplaced balls.

As the day came to a close, we saw some nice scores posted. Mary Haskins played a great round, setting a WPA record on a par 73 rated course, shooting a 93! I wish we could get Mary to relax on the course and see what she could shoot! Linda Parker put another mark on the trophy taking low net with a 67. The men were led by the dynamic duo of Krook and Carlson. Not the famous defense team you have seen on TV, just a couple of pretty good “sticks”. They shared the low gross award with scores of 87. Mike took the low net with a 70. Mike’s guest, Wes Thorp, shot an 85 that day, then went on to score a hole in one in Yakima on his way home!

Monday night’s social hour brought out many stories and a few rain drops to force us inside for the show. A big thank you to all that contributed for a great meal!

Tuesday’s scramble enjoyed a bit better weather. The teams played hard to claim the victory and just have a good time. The top team finished 2 under par and included Polly Fox, Colleen Carlson, Matt Wright, and Bill Parker. Way to go team!

Joan and Paul did another great job and made Project #53 another great event.

Now it’s time to think Project #54 at Seaside with our hosts Gary and Sue Smith. Let’s think SUN!

Hope to see you all in September.

Jack
