We Putt Around

## **Project 59 The Caterpillar Crush**

Sunday social hour and dinner brought together nearly 50 members and guests. Roger and Judy set up a great spot to bring us all in.

Our meeting saluted last year's champs and honored our founder and leader Jack Frisk. Jack Frisk's daughter Connie and son-in-law Dennis Milliken made sure that Jack was able to join us. Thank you for letting us share some time with Jack. Bob and Bonnie Warnecke, also charter members, were introduced. Cay Bell was honored to bring her daughters and son-in-law to join us. There seemed to be a little twinkle in her eye as she introduced all.

Long time members Don and Aileen Johnson were scheduled to attend but due to health issues for Don, they could not make it. As a salute to Don, the committee chose to donate the collected fines to Don's choice of charity. We collected over \$160 with some extra kick-ins for Don. Jeanne and I were able to deliver a check for \$200 to Aileen. Through a couple of large tears, she thanked everyone for their donation. (Don and Aileen chose the Fred Hutchinson Cancer Research Center as their charity.)

Our meeting also had new proposed members introduced, Chuck and Sue Strub. They graciously coughed up the \$20 to be part of our group. Welcome!

Ted, aka Red, and Ena Robins gave us an overview of Project #60 to be held a Desert Canyon near Orondo. Somehow they chose to come up with the name "Rattlesnake Stomp." I'm not sure Judy Ohlsen will be going into the rough to retrieve a ball! Don't blame her! Please get signed up for another great project.

We had volunteers jump at the chance to host Projects #61 and #62. Linda and Bill Parker and Richard and Donna Lowell stepped up to take charge. After some discussion, I think Parker's will host #61 and Lowell's #62. Thanks for taking the big step!

Roger and Judy made sure we had beautiful skies for Monday's golf. Kayak Golf Course had everything set for the group to get off to a smooth start, carts and starts were all in order. I hope everyone had a chance to pick up some of the beautiful "WPA" logo balls provided by Mike and Colleen Carlson. If you didn't get to select one, please contact Mike. Thanks go to the Carlson's for this and all they do for WPA.

The course was in great shape, even the greens presenting a bit of a challenge with the magic carpet provided by a caterpillar invasion. Many of us had a chance to enjoy the beauty of the course, including a bald eagle showing its stuff. Sorry, Mary Haskins that he chose to take your ball for a lunch treat! Burt would soon seek revenge nearly striking the bird with one of his well placed shots.

Cay Bell was also after the wildlife, shooting a birdie on hole #12 of her former home course. Judy Ohlsen thought it would be easier to chip in from 60 yards out on #4 than to putt. Chuck Strub and Don West thought the “sensitive area” sign meant it needed treatment, not stay out. Frank neatly chipped in out of the sand to save a 5 on a par 3. John Carl showed no fear of the caterpillars to sink a 48 footer on #16 to score a birdie.

The day ended with Polly Fox taking low net for the women with a score of 66.9. Colleen Carlson bested the field with a 99 to take low gross, Ena was “oh so close” until the 18<sup>th</sup> did her in!

The men saw Frank beat out “Dr. Richard” for low gross with a score of 87. Defending low net champ Dave Leishman made a strong effort to take low net for the men. What will Project 60 bring?

Tuesday was a bit colder, keeping the caterpillars in check. However, it didn’t hold back the team of Sonja Thorp, Polly Fox, Frank Krook and Jack Fankhauser. We took the scramble with a one under 35. The potential fines for this group will probably be waived for the next outing!

Thanks again to Roger and Judy Ohlsen for another awesome project. Hope to see you all at Project 60 – The Rattlesnake Stomp – at Desert Canyon. Enjoy the rest of the summer.

*Keep on Putting*
