

# We Putt Around We Putt Around

WPA Project 63

SOME LIKE IT HOT

Hood River, Oregon

Not even an oil train spill and fire could derail Dave and Wilma from putting on a great event. With the temperatures in the high 90s, there was no need to add a little fire to WPA #63.

Hood River and the area surrounding provided a beautiful setting for us all to enjoy over the project. I heard many say they would probably visit the area again. Cay Bell said she really enjoyed wind surfing and after only a few trips on the board, scored a perfect "10".

Dave and Wilma worked hard with the hotel staff to make our stay pleasant and full of good food!

We had a very good showing of members including two more new couples to join the new members from our last outing. Joining us this trip were new members Pam and Vaughn Angel and Dana and Dennis Farmer. We welcomed them along with Wayne and Susie Wollard and Bob and Anne Sterley from Project #62. All are paid members in good standing! Our original member group was represented by Bob and Bonnie Warnecke. We were happy and thankful that they made the long journey to be with us. Thanks Bob and Bonnie!

We unfortunately lost one of our friends and favorites, Mel Melville. Our thought and prayers go out to Lois for her loss.

We presented special awards to some of our members in the form of returned fines! These were fines that Jack Frisk's daughter Connie found. They were portioned out and labeled in special envelopes. Jack had these awards ready to hand out but he did not quite make it. Knowing Jack, I think he made these up to help build the self confidence in those individuals whose game may have been suffering.

Monday we were off to Indian Creek Golf Course. We seemed to be welcome there and made to feel like it was our home course. The temperature again made it into the high 90s with just a little breeze. Speaking of a breeze, it must have felt that way for our winners: Richard Lowell, Dave Leishman, Colleen Carlson, Sonja Thorp, and Ann DuBois. Way to go team! As usual, some enjoyed the outing more than others, but the course treated us to many different challenges.

The women winners were treated to a newly beautifully redone trophy. Dave and Wilma Leishman did all the beautiful work making it a must to have in your home for a least a couple of months. It was pointed out that the trophy was now a little bigger than the men's. As a current holder of a portion of the men's trophy, Dave mentioned that issue might be corrected in the near future.

Tuesday's scramble was again warm with a little more wind. We had a tie with 2 teams sharing the victory. With a lot of hot air on the men's side: Mike Carlson, Richard DuBois, George Hieber, Bob Sterley, and Wes Thorp held up their teams. The women who led their teams included: "Perfect 10" Cay Bell, Mary Haskins, Sally West, and Susie Wollard. Check your program guide and listing to see who was teamed with who!

Tuesday brought the end to Project #63 but not before providing many memories and stories to share with friends or just anybody who will listen.

Thank you Dave and Wilma for providing us with an outing just "too hot to handle."

Please get your paper work and money to Vernon and Polly Fox for Project #64 to be based at Silver Reef Casino near Ferndale and Bellingham. We will be golfing at Shuksan Golf Course on Sept. 12 and 13 with our Sunday meeting t the Casino on Sept. 11. Hope to see you all then.

It sounds like we have volunteers for 2017 and 2018 events. 2019 is just around the corner so sign up now and get 20% off!

*Keep on Putting*

*Jack*
